Novi, MI

SUMMARY

Fast-paced and self-driven full-stack developer with a hunger to grow and learn new technologies. While experienced in full stack, my proficiency is in more front end technologies, particularly React.js and Typescript. With over three years of experience in this field, I take pride in my ability to write clean, maintainable code.

SKILLS

React · TypeScript · JavaScript (ES6+) · C#.NET · HTML · CSS · Agile · Node.js · NPM · Azure DevOps · Figma · Redux · REST APIs

EXPERIENCE

Cabinetworks Group

Livonia, MI

Full Stack Developer

08/2023 - Present

- Led development of the Tandem marketplace application in an agile environment, integrating data through multiple ERP systems to create a more user friendly experience for designers/dealers
- Developed, tested, and deployed new front end features based on requirements listed using Azure technologies
- Implemented state management using both Redux Toolkit and Context API
- Wrote unit tests with Vitest and React Testing Library, and automated tests with Playwright
- Built a Node PDF generation service, using an npm package called react-pdf to generate PDF components
- Suggested new coding implementations, to clear any tech debt and clean up spaghetti code
- Maintained API and translations layers built in C#.NET
- Attended and contributed to solution-design meetings to gather business requirements and define feature implementations

V-cubed Solutions

Wixom, MI

Quality Engineer

09/2022 - 08/2023

- Automated regression testing using company's tool, Interscroll Vista, to ensure client software maintained expected behavior and standard
- Designed and maintained company website on Squarespace, to improve user experience and accessibility
- Met with clients to gather requirements and define project scopes

EDUCATION

Park City Independent High School

Scottsdale, AZ

High School Diploma

2015
